Two Engineers Killed.

By Associated Press.]

INDIANAPOLIS, Dec. 31.—Two passenger trains of the Panhandle Railroad collided near Kokomo, Ind., this morning. Both engineers were killed and the cars were burned.

It is difficult to get reliable facts, but it is known that the through passenger from Chicago to Louisville and the fast line from Louisville to Chicago were the trains wrecked. The fireman and baggage-master on the train going north were killed.

INDIANAPOLIS, Dec. 31.—A frightful and fatal wreck occurred at Kokomo this morning on the Panhandle train, northbound. Conductor Thomas Lamb left Junction on schedule time. A mile north it met a train southbound, Conductor V. D. Noland, running fifty miles an hour.

The trains crashed together, totally demolishing the engines, and burning the baggage car of the south-bound train, which had tumbled on top of the engines.

George Cummings, engineer of the south-bound train, was killed, and Tom McCullough, engineer of the north-bound train, cannot live. Baggage-master Kerlin was killed, Thomas Harber seriously hurt, express messenger Glandt seriously hurt, and two men named Woods and Webb were badly injured. The passengers in the coaches were shaken up.

The cause of the wreck is a mystery, but it is generally thought the north-bound engineer was trying to make a "sneak" to a sidetrack four miles north to pass the other train, which was slightly behind time.

The Canadian Committee.

By Associated Press.]

NEW YORK, Dec. 31.—Ellis H. Roberts, Sub-Treasurer of the United States, was the first witness before the Canadian Committee to-day. Witness believed the present commercial relations with Canada advantageous to the United States. Restricted trade would act materially toward the annexation of Canada. If the United States permitted Canada to bring her products to this market free of duty, Canada would have no desire to become annexed to this country.

The testimony of the masters of fishing vessels as to the workings of the present arrangement in their line was then taken.

A Dishonest Errand Boy.

By Associated Press.]

CHICAGO, Dec. 31.—Lewis Hitchler, an errand boy in the office of the *Orange Judd*, a farmers' weekly agricultural newspaper, was caught this morning in the act of stealing remittances in letters addressed to the paper. He confessed that he had been robbing the paper for two months and secured a large sum, just how large is unknown.

La Grippe has reached the postoffice. Postmaster Sexton and four or five heads of the departments and forty clerks are affected.

A Letter From Emin.

By Cable and Associated Press.]

BERLIN, Dec. 31.—The Emin Relief Committee has received a letter from Emin, in which he says he will do all he can to personally assist Germany in her enterprise.

La Grippe Spreading.

By Cable and Associated Press.]

PARIS, Dec. 31.—During the past 24 hours there has been no increase in the number of cases of influenza in this city. It is believed the epidemic has reached its height. In the outskirts, however, the disease is spreading. It has made its appearance on the southern shores of the Mediterranean, and several cases are reported at Algiers and Bona. It has also appeared in Turin and Gages, Italy. At Milan the garrison, the students of Leconte College, the police and municipal guard are severely affected.

VIENNA, Dec. 31.—The influenza is increasing. The Board of Health has ordered the schools closed until January 7th. The hospitals have become so crowded that it has been found necessary to erect a special structure for those suffering from the disease.

UTICA, Dec. 31.—Michael Hopkins, a prominent dry goods merchant, died here to-day of la grippe.

NEW YORK, Dec. 31.—The number of deaths during the 24 hours which ended at noon to-day was 196, an increase of over an average of 100 per cent. The increase is from pneumonia, bronchitis, and especially consumption. La grippe is credited with being at the bottom of the increased fatality. Policemen to the number of 300 are on the sick list.

ROSTON, Dec. 31.—George P. Smith, 62 years old, a watchman at the Massachusetts State Prison, suicided this morning while insane from an attack of la grippe.

Abandoned at Sea.

By Associated Press.]

HALIFAX, N. S., Dec. 31.—The Allan line steamer *Nestorian*, after a stormy passage of twenty days from Glasgow, arrived last evening. Wednesday morning, the 18th inst., in latitude 54° 15' and longitude 25° 44', the German ship *Shakespeare*, from Hamburg to New York, was sighted in a disabled condition and signaling for assistance. The sea was so rough the *Nestorian* was compelled to lay near to her all night. The captain of the *Shakespeare* and crew wished to be taken off. The next morning the *Shakespeare* was nowhere visible, and what because of the crew is hard to say, but the mail steamer *Sardinian*, which arrived yesterday, passed the *Shakespeare* on December 22nd in latitude 54° 21' and longitude 20° 7'. She appeared to have been recently abandoned.

Mexican News Items.

By Associated Press.]

CITY OF MEXICO, Dec. 31.—A reception was given last night by the American Legation to Governor Thayer of Nebraska, and party. The military band furnished by the Mexican Government discoursed the music.

Public Debt Reduction.

By Associated Press.]

WASHINGTON, Dec. 31.—It is estimated that there has been a decrease of nearly \$4,000,000 in the public debt during December. This makes a total reduction for the first half of the present fiscal year of about \$24,000,000, against \$31,522,000 during the corresponding period of the previous fiscal year. The reduction for the calendar year ending to-day is \$1,481,000, against \$91,536,000 for the calendar year of 1888.

Dr. Peters and Party Alive.

By Cable and Associated Press.]

BERLIN, Dec. 31.—The *Tagblatt* says it has information that Dr. Peters and the members of his party are certainly alive, and the expedition is marching between Kenia and Baringo.

Death of a University President.

By Associated Press.]

NEW YORK, Dec. 31.—Rev. Wm. W. Patton D. D., President of the Howard University at Washington, D. C., died at Westfield, N. J., this morning of congestion of the lungs.

Collects Her Wages.

By Associated Press.]

KANSAS CITY, Dec. 30.—An unique case was decided in the Probate Court of Cooper county to-day. It was that of a colored woman who has just discovered that she is a free woman, and not a slave, and who brought suit against her late master's estate for \$1,400 for wages. At the commencement of the war Joseph Hickham, now the wealthiest and most influential farmer in the country, bought a negress in the slave market and took her to the farm as a sewing maid. Since that time she has never been allowed to go beyond the bounds of the farm, and in her petition she alleged she had been permitted to hold converse with none of her race, and none of the family were ever permitted to tell her the results of the war. When the old master died three weeks ago she ran away to Booneville, and while there learned that the slaves had been emancipated and that she was a free woman. She told her story to a lawyer and he brought suit to recover \$1,400 (wages at \$5 a month for twenty-five years) from Hickham's estate. The Court decided for the plaintiff to-day and allowed one-half of the amount claimed.

Randall Much Better.

By Associated Press.]

WASHINGTON, Dec. 31.—The rumor was current at the Capitol this morning that Randall's condition was much worse, but an inquiry at his house was answered by an emphatic denial from his family. Randall is much better and is out of bed attending to his correspondence.

The O'Shea Divorce Case.

By Cable and Associated Press.]

DUBLIN, Dec. 31.—The *Freeman's Journal* says that Parnell has instructed his counsel to obtain for him at the earliest moment a citation to appear before himself in the suit for divorce brought by Captain O'Shea against his wife, in which Parnell is named as co-respondent.

Sickness in London.

By Cable and Associated Press.]

LONDON, Dec. 31.—The illness from which Salisbury was suffering last night was a chill.

The influenza has attacked the employees of the Government and a large number are prostrated.

Grave use for Anxiety.

Exists when the kidneys lose their activity. Prompt measures should be taken to renew it, otherwise Bright's disease, diabetes or some other organic trouble, is to be apprehended as a consequence. Hostetter's Stomach Bitters is a most desirable diuretic, as its stimulative action upon these organs never crosses the border line of safety and merges into irritation, as do many stimulants used for the same purpose by the careless and un-instructed. The stimuli of commerce, fiery and unmediated, are not suitable corrective agents in a case like this. They excite without producing a permanently desirable result. The "just medium" between them and an ineffectual diuretic is the Bitters, which is also a specific for malarial complaints, dyspepsia, constipation and rheumatism.

To stockmen and Ranchers.

J. Westlake makes men's heavy French kip shoes full stock to order for \$5.00. Try a pair. Repairing neat and promptly done. 03

Advice to Mothers.

MRS. WINSLOW'S SOOTHING SYRUP should always be used for children suffering with colic, wind, or any other ailment. It cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle. 19

BETTER THAN GOLD.

RESTORED HER HEALTH.

For 15 years I suffered from boils, erysipelas and other blood affections, taking during that time great quantities of different medicines without giving me any perceptible relief. Friends induced me to try S. & S. It improved me from the start, and after taking several bottles, restored my health as far as I could hope for at my age, which is now seventy-five years.

In accord with the universal custom of interior newspapers, no GAZETTE will be issued to-morrow, and a "Happy New Year" is wished everybody.

THE Austin Reville says: The State Board of Trade has been formed, organized and directed in the right channels at Reno by an able gathering of business men. California has reaped the benefits of such an organization a hundred fold, and what will prevent Nevada from realizing the same, if in less degree, as measured by the resources of the State? The object of this organization is to make known the advantages of the State, to induce capital to make investments by judicious representation of the property, mining or agriculture, and to gather information to which intending settlers may gather facts, as from a bureau of the Government or as a reliable repository of the concurrence of opinion as stated by reliable business men. Politics must not enter into its fold, because that would destroy its usefulness and subvert its intentions. We expect that Reno and vicinity will receive the most benefit from it in the settlement of land and in reclamation of arid lands, but Lander county should have a voice in mining properties and valuable cattle ranges, and our residents should be alive to the importance of never allowing their interest to lag when the general good can be improved.

THE New York Mercantile and Financial Times says:

If there is any city in the country that is emphatically not American, that city is New York. The rich classes are English in manner and customs from the top, even to be no more to women in public, and calling an overcoat, a top coat. The poor classes are foreigners pure and simple. There are whole blocks and streets where scarcely a word of English is heard. Between these two classes, the rich and the poor—is a sprinkling of genuine, honest Americans who still believe in the doctrine of the Declaration of Independence, but these are not numerous enough to make much show.

And that is the city, says the Salt Lake Tribune, that dictates to the Secretary of the Treasury and compels him to administer his office in the interest of English bankers and brokers. It is that city that assumes to dictate the policy of Congress and through the weight of money and numbers to lay this whole mighty republic under tribute to it. And then men who do this are either an inferior grade of foreigners or Americans of so low a cast that they spend half their waking hours in hating themselves that they were not born across the sea. We wonder if the better side of the city will ever assert itself or if the American people outside will ever think to assert themselves.

ACCORDING to the best London authority, the secret of King Milan's submission to the Regents of Serbia lies in the fact that not only does he depend upon the Servians for his income, but he owes nearly \$1,000,000, and his creditors have become clamorous. King Milan's settlement in Paris will quickly be followed by his marriage with Mme. Christies, the about-to-be divorced wife of his former secretary, by whom he has been most completely enslaved, and as she is a clever woman, full of tact and finesse, and with great force of character, it may safely be predicted that she will rule him firmly.

THE appointment of State Senator Enaley as Pension agent has disgusted the members of Harrison's old regiment, who expected the place to be given to Colonel Merrill of Indianapolis. The regiment had indorsed Merrill for recognition, and Harrison promised to heed their request. No request was made for any particular office, but now all the positions have been given out and Merrill remains unrecognized.

Croup Can be Prevented.

We want every mother to know that croup can be prevented. There is no question about this; as it has been done in thousands of cases, and you may depend upon it that when a child takes the croup, it is owing to the negligence of its parents. True croup never appears without due and timely warning; a few hours, or a day before the attack, the child becomes hoarse. This hoarseness is the first indication of croup, and is a sure sign that croup is to follow, unless promptly and properly treated. The free use of Chamberlain's Cough Remedy, as directed with each bottle, under the heading "To prevent croup" will dispel all symptoms of the disease. For sale by Osburn & Shoemaker.

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise. A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the liver and kidneys, will remove pimples, boils, salt rheum and other affections caused by impure blood. Will drive malaria from the system and prevent as well as cure all Malarial fevers. For cure of Headache, Constipation and Indigestion try Electric Bitters. Entire satisfaction guaranteed or money refunded. Price, 50 cts. and \$1 per bottle at Hodgkinson's drug store.

Is Consumption Incurable?

Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an incurable consumptive. Began taking Dr. King's New Discovery for Consumption, and now on my third bottle, am able to oversee the work on my farm. It is the finest medicine ever made." Jesse Middlewart, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of lung troubles; was given up by doctors, am now in best of health." Try it. Sample bottles free at Hodgkinson's drug store.

Among the incidents of childhood that stand out in bold relief, as our memory reverts to the days when we were young, none are more prominent than those of sickness. The young mother vividly remembers, that it was Chamberlain's Cough Remedy cured her of the croup, and in turn administered it to her own offspring and always with the best success. For sale by Osburn & Shoemaker.

The Best There Is.

A new typewriter has been invented by the party who invented half of the Remington and all of the Caligraph. It has no ribbon, no wooden bars, but is all steel, prints true and without any blur. It costs an even hundred dollars, and is worth two of any other machine. It prints better, wears longer, is easier to learn and works faster, besides other recommendations. C. A. Braag, Agent.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, oozes, ulcers, salt rheum, fever sores, chapped hands, chilblains, corns and all skin eruptions and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Hodgkinson & Co.

"PREVIOUS" PEOPLE.

Those Whom It Would Be a Pity to Annihilate.

The following from the Carson Tribune portrays a character to be found in nearly every community, and the editor of the above paper has the Gazette's permission to commence killing whenever he feels like it: We suppose it is not exactly right to hate anybody, but there are a great many people in the world that it is not worth while to waste any affection on. When Christ commanded us to "love one another" he probably did not think of the grievous and exasperating burden he was imposing on those who would live, move and have their being in the nineteenth century. Independence and egotism were then in their infancy and the previous class to which we refer had not yet developed from the hybridity of assinnity and ignorance. A man may love his enemies and those that despise him, but it takes a good deal more religion than is possessed by the ordinary run of mortals, to entertain any affection for a previous man, unless it is far superior in quality to the brand that is in vogue and marked genuine at the present time. The previous man would provoke a saint and incline him to trade his heavenly attire for a ball-room suit in the midst of a chorus of archangeles. He always goes off half-cocked, like a superannuated blunderbuss, and has about the same knowledge of propriety as the Washoe Indian has of polite literature. If he meets you once he imagines he is acquainted, and takes the liberty of prying into your private business, just as if he were conferring a favor. He slaps you on the back in the public street and assumes to call you by your given name, under the mistaken idea, no doubt, that familiarity is courtesy, and that you are pleased with his boisterous and coarse attentions. He walks into your office or place of business with an important air, as if he owned the earth and had a past-due mortgage on the stars, and, after having perused your private mail, elevates his feet on some convenient article of furniture and essays to entertain you with a conversation that is offensive to good taste and disgusting to decency. He wants to advise you a good deal, and airs his ignorance by a pretended knowledge of a great many things of which he knows nothing. He enters your private apartments without knocking, or even being invited, takes down your books and examines them, interrupts your conversation with others, disputes with your friends or guests, and caps the climax of coarseness and ill-breeding by attempting some practical joke for which a schoolboy should be punished. He is too thick-skinned to be snubbed, and about the only way to protect yourself is to kick him out or prevent his entrance with a club. We have always thought we should dislike to kill a man, but a few previous men hanging around us might change our opinion and make that a pleasure which in our earlier life we should have shrunk from doing. Great evils demand heroic remedies, and it is sometimes necessary to sacrifice our personal feelings for the public good.

HIGHEST AWARD IN OUR CLASS!

WE LEAD THEM ALL!

Bronze Medal! Bronze Medal!

There is no proprietary medicine in the world that has grown into popularity and in favor in so short a period of time as the remedy known as THE GREAT SIERRA KIDNEY AND LIVER CURE. The Sierra Chemical Co., manufacturers of these valuable goods is composed of bright, active Californians, of thorough and long experience in their line of business. They have shown wonderful enterprise in bringing before the public a purely vegetable compound, the chief ingredients of which are composed of herbs gathered on the sides and in the canons of the noted Sierra range of mountains, from which this remedy takes its name. At the MECHANICS' EXHIBITION, 1889, this company were awarded the highest premium given to medicines—A BRONZE MEDAL. The committee that pronounced this verdict was composed of the two leading analytical professors on this coast, viz: Professors RISING and WENTZEL. This goes to prove its superiority over all other preparations. Delightful to the taste and as a positive cure for all Kidney, Liver and Bladder troubles it has no equal on earth.

CAMPED IN THE SNOW.

A Stage Driver's Bed Serves a Good Purpose.

Last Thursday's Tuscarora Times says: The stage which left Elko Tuesday morning did not arrive in Tuscarora until about noon yesterday. Shortly after dark, when the sleigh had crossed the summit on the other side of the meadows, the storm and drifted snow caused the driver to lose the road, and after wandering about for several hours in a vain attempt to find it again, the entire outfit was obliged to camp for the night in the blizzards. The party consisted of Charles McPherson, who was driving; an old driver for the company, who was coming to Tuscarora, and Miss Gerie Hillman, who was returning home from Reno. The ex-driver fortunately had his mattress and blankets along, and a bed was fitted up in the bottom of the sleigh for Miss Gerie, who passed the night as comfortably as could be expected under the circumstances. The night was not very cold and the two men managed to keep themselves reasonably comfortable during the dreary watches until daylight, when they ascertained their whereabouts and the team was soon foundering its way through the deep snow in the direction of Tuscarora. If the night had been cold the party could hardly have escaped without serious suffering and perhaps disastrous consequences.

"MOTHER'S LOVE"

Miss Blythe To Be Here Friday and Saturday.

The Chicago Times says: "The appearance of Miss Helen Blythe in 'Mother's Love' at the Opera House in this city last night, was greeted by a large and appreciative audience. The entire programme overreached the expectations to all present, and during the third and fourth acts the applause was enthusiastic and of such frequent occurrence and long duration that the performance of the drama was delayed until quiet could be restored. The support was good, and all who were fortunate enough to witness this excellent play express themselves anxious to have Miss Blythe again visit our city."

A REQUEST

By the Young Women's Christian Temperance Union.

In conformity with the growing public sentiment against the use of intoxicating liquors as a beverage, the Young Women's Christian Temperance Union of Reno earnestly invites all friends to cooperate with them in the effort to banish the custom of wine drinking in society, which is fraught with so much danger to the youth, and to this end the Union invites its lady friends to "receive" this year without the customary liquors. By order of the Union. Mrs. R. H. BRADY, President. EMILY GILMAN, Secretary.
